

Adoption of Gold and Silver as Currency Ends Rampant Price Inflation

On 12 September 2026, the Business Recorder newspaper reported that the Sensitive Price Indicator (SPI)-based inflation for the week ended September 10, 2026 increased by 0.23 percent. So, the year-on-year trend reveals a total increase of 8.62 percent due to increase in the prices of onions (125.52 percent), wheat flour (30.18percent), mutton (15.92 percent), beef (13.28 percent), fresh milk (8.12 percent) and plain bread (8.09percent), amongst other commodities. Price inflation due to a weakening Rupee is by capitalist design, not by accident. Under capitalism, every fiat paper currency, including the Rupee and the Dollar, is bound to plummet in value over time. Each fiat currency derives its value from public confidence in the state that issues the currency. Capitalist governments increase the money supply by printing money to pay back *riba* (interest) based debt. So, the buying power of each unit of currency drops due to the rapid increase in the supply of currency. This monetary inflation results in price inflation because money is used to buy both goods and services.

Under Islam, currency is based on gold and silver. It is based on material of real intrinsic value, not upon confidence in the state. As for the generation of new currency, it is not through the mere flick of a switch on a printing press, or the press of a button on a keyboard. It is through the arduous processes of mining, extraction, refining and minting. The nature of gold and silver currency imposes discipline in both expenditure and revenue collection. It prevents governments from issuing more currency to pay *riba* based debt. In addition, Islam prohibits *riba* which is the cause of continuously increasing debt. For centuries, the Khilafah prevented rampant inflation within its territories. Islam alone provides an escape from the rampant inflation that is crushing the peoples of the world, and ruining their industry and agriculture.

The American Plan for Iran and Yemen Must Fail Now, as the American Plan for Iraq Failed in 2003

On 10 September 2026, the Business Recorder reported, "Pakistan said on Thursday that there were no discussions about a military reaction from Islamabad under the Makkah agreement in response to the Houthis' attacks on Saudi Arabia, but added that Pakistan would act when the "time comes"."

The deep state of Pakistan is testing the domestic environment regarding the American plan of using the Pakistan Army to subdue Iran and Yemen. The Muslims of Pakistan must raise their voices in protest using styles that match the gravity of the major sin of Muslim fighting and killing Muslims. Indeed, it is not so long ago, that the Muslims of Pakistan prevented the American plan to use the Pakistan Army to subdue Iraq in 2003.

In June 2003, General Musharraf announced his commitment to send Pakistan Army to Iraq. In an ABC News interview on 24 June 2003, Musharraf declared, "He (President Bush at Camp David) did talk of the Iraq dispute, and we did discuss Pakistan troops. In principle, we would agree ... Pakistan can, yes, provide up to maybe 8, to 10,000, maybe up to about a division strength." However, the Muslims undertook bold political activities against the American plan. So, on 24 September 2003, Musharraf was forced to say that, "Pakistan could send troops to Iraq but we need to change the domestic environment."

O Muslims of Pakistan! Cowards can never lead change. Those who stand bravely before the tyrants are not foolishly reckless, inviting harm on themselves without reason. They walk on the path of the Prophets (as), the chief of the Prophets (as), Muhammad Al-Mustafa ﷺ, and the Companions (ra). They fulfill the obligation of raising the word of truth,

bearing any trials with patience, and willingly giving sacrifices. So, fearing none but Allah (swt), raise your voices and make the American plan fail, by the Permission of Allah (swt).

Hizb ut Tahrir led you in 2003, and is here between you, amongst you and from you, to lead you now.

America Needs the Armies of Muslims to Achieve Its Wicked Plan for Yemen

On 9 September the Republican Congressman, Joe Wilson stated, “The Mecca Defense Alliance says an attack on one is an attack on all — now is the time for Turkiye, Pakistan and Saudi Arabia to destroy the Houthis. Free Yemen.” (<https://x.com/RepJoeWilson/status/2097734641352364337>)

The retired army officer, Joe Wilson, knows first-hand the limitations of the armed forces of the US, which are crippled by cowardice, and hampered by long Lines of Communication (LOCs) to their bases in the US. Therefore, Joe Wilson knows well the America’s desperate need of the armies of Muslims to achieve American objectives.

The US wants to destroy the proxies of Iran in Yemen to weaken Iran, so that the rulers of Iran become subordinate to the US, submitting to Washington regardless of the losses and burdens the Muslims endure, just like the rulers of Pakistan. In addition, the US also wants to establish full control of the Rare Earth Elements (REEs) in Yemen, shutting the doors in the face of its rival, China, whose companies are already exploring in Yemen.

Thus, the agents of the US, the rulers of Muslims, are preparing to use the armies of Muslims to expand American control over the resources and lands of the Muslims!

O Muslims! Allah (swt) said, ﴿وَتَعَاوَنُوا عَلَى الْبِرِّ وَالتَّقْوَىٰ وَلَا تَعَاوَنُوا عَلَى الْإِثْمِ وَالْعُدْوَانِ﴾ **“And cooperate in righteousness and piety, but do not cooperate in sin and aggression,”** [TMQ Surah Al-Maa’ida: 2].

It is a sin and aggression for Muslims to fight Muslims, shedding Muslim blood. It is sin and aggression for Muslims to ally with the disbelievers in their wars against Muslims. It is righteous and piety for the Muslims to unify as one state and fight the attacking disbelievers, expelling them from the lands of Muslims.

So, let the Muslims strive for the re-establishment of the Khilafah Rashidah (Rightly Guided Caliphate) which will unify the Muslims and eradicate the snake in our abode, the US military bases, including its forward base, the Jewish entity.

Are the Missiles, Drones and Fighter Planes of the Ummah Only for Killing Muslims?!

The Tasnim news agency of Iran reported that Yemen’s Armed Forces said on 8 September 2026 that they launched a large-scale missile and drone operation targeting Saudi Aramco facilities and the Khamis Mushait air base in southern Saudi Arabia, in response to Saudi-led airstrikes on Yemen over the past three days. (<https://www.tasnimnews.ir/en/news/2026/09/08/3691955/yemen-s-armed-forces-target-aramco-facilities-khamis-mushait-air-base-in-saudi-arabia>)

Muslims fire weapons at each other, whether in current conflicts between Saudi Arabia and Yemen, or Pakistan and Afghanistan, or previous conflicts such as between Iran and Iraq from 1980 to 1988. Muslims spill Muslim blood because of the curse of nationalism. If this were not enough, there is now the rise of sub-nationalism, where Muslims within a particular nation-state are fighting each other, as we see in Sudan and the Baluchistan region of Pakistan.

American military intelligence wants more fighting between Muslims. It does not want the weapons of the Islamic Ummah to fire upon the military bases of the US in the Muslim World, including its forward base, the Jewish entity. In the June 2006 issue of the “Armed Forces

Journal,” the retired US military intelligence officer, Army Lt. Col. (ret.) Ralph Peters wrote an essay entitled “Blood Borders”, in which he called for even more division of the Muslim World.

The Shariah solution for division is the unification of the Muslims under a single Imam, ruling by all that Allah (swt) has revealed. The Messenger of Allah (saw) said, «مَنْ قُتِلَ تَحْتَ رَايَةٍ» **“Whoever is killed under the banner of ignorance, calling to partisanship or supporting partisanship, then he has died upon ignorance.”** [Muslim]. Regarding this Hadith, Imam an-Nawawi said in his Sharh, وَإِنَّمَا يَغْضَبُ لِعَصَبِيَّةٍ لَا لِنَصْرَةٍ **“Indeed, he gets angry for partisanship and not to support the Deen. Partisanship is supporting his nation in oppression.”** Let all the Muslims strive to re-establish the Khilafah Rashidah (Rightly Guided Caliphate), which will unify all the Muslim states as a single Islamic State.

Aurangzeb Showed the Way for the Navies of the Muslims

ISLAMABAD, Sep 07 (APP): President Asif Ali Zardari has paid tribute to the officers, sailors and civilian personnel of the Pakistan Navy on the occasion of Pakistan Navy Day, commemorating the force’s “determination, courage and professional excellence” over the decades. (Associated Press of Pakistan <https://www.app.com.pk/national/president-zardari-pays-tribute-to-pakistan-navy-highlights-1965-legacy-modern-maritime-capabilities/>)

There is no doubt regarding the fighting spirit and material capabilities of the navies of the Muslims, including the navies of Pakistan, Bangladesh and Türkiye. However, under the current corrupt leaderships, the strength of our navies is being exploited for American military colonialism. The American strategy for the navies of Muslims is to establish its control over the straits and seas in the Muslim World. For this purpose, the American agent, Muhammad Bin Salman, has established a Multinational Maritime Defense Alliance, which includes the navies of Pakistan, Bangladesh and Türkiye. Currently, the alliance is being used to deprive the Muslims of Iran of external support by the Muslims of Yemen.

The navies need a leadership like Aurangzeb, who established the dominance of the Deen, though the disbelievers dislike that. At the height of its 500 years of tyranny, the Bhuddist Rakhine Empire occupied Chittagong. So, in 1664, Aurangzeb ordered Shaista Khan to liberate Chittagong. By the end of December 1665, Shaista Khan dispatched his son Buzurg Umed Khan with a fleet of 288 warships. After the liberation of Sandwip, a strategic island, seeking victory or martyrdom, the Muslims launched a daring combined land-and-water assault. The mushrikeen (polytheists) were defeated: many sailors abandoned ship or surrendered, numerous vessels were sunk and captured. On 25 January, the warships of the Muslims besieged Chittagong fort. The disbelievers, left helpless after losing their navy, resisted for a day before surrendering to Ibn Husain on the 26th. The liberated city was renamed Islamabad (the Abode of Islam) by Aurangzeb. The liberation of Chittagong shook the entire Rakhine empire, causing its collapse, even though it had been at the peak of its five centuries of tyranny.

So, let the navies of Muslims play their part in the re-establishment of the Second Khilafah Rashidah!

The Oppressed Muslims of India Await a Muhammad Bin Qassim From Amongst the Armies of the Muslims

ISLAMABAD, Sep 06 (APP): Pakistan Sunday strongly condemned the demolition of the century-old mosque in Saharanpur, India, on Saturday, 6 September 2026. (<https://www.app.com.pk/national/pakistan-strongly-condemns-demolition-of-mosque-in-india/>)

The Hindu ruling elite is waging war on Islam and its symbols, the masajid, the inviolable houses (buyoot) of Allah (swt). The Hindu extremist ruling party continuously uses sectarian conflict in order to remain in power. It must do so because it has failed to end the crippling

poverty of the people of India, after they had enjoyed centuries of prosperity under Islamic ruling governance. Its 2004 electoral slogan of “India Shining, India Rising” slogan is now rusting and falling apart.

The failure of the Hindu elite is due to their foolish embrace of the Western civilization. The Hindu elite implements capitalism which has concentrated the wealth of India in the hands of selected dynasties, whilst plunging most of the people into severe hardship and poverty. The Hindu ruling elite is a tool of American colonialism, forcing India into military competition with China, which is burdening the people of Indian beyond what they can bear, for the sake of American foreign policy objectives.

The secular rulers of Muslims will never seize the hands of the oppressive Hindu rulers, in the manner that Muhammad Bin Qasim seized the hands of Raja Dahir, the ancestor and role model of Narendra Modi. They confine Islam to individual rituals, Quranic recitation during meetings and heavily publicised visits to the Noble Ka’aba. The Muslims of India await a Muhammad Bin Qasim whose vision is the dominance of the mercy of Islam over all of Indian Subcontinent, even though the Hindu mushrikeen within the ruling elite dislike that.

Allah (swt) said, ﴿هُوَ الَّذِي أَرْسَلَ رَسُولَهُ بِالْهُدَىٰ وَدِينِ الْحَقِّ لِيُظْهِرَهُ عَلَى الدِّينِ كُلِّهِ وَلَوْ كَرِهَ الْمُشْرِكُونَ﴾ **“It is He who sent His Messenger with guidance and the religion of truth to make it prevail over all other religions, even though the polytheists may detest it.”** [TMQ Surah At-Tawbah: 33].

The Armies of Muslims Are for Removal of Tyrants, Not Support of their Crooked Thrones

ISLAMABAD, Sep 05 (APP): Prime Minister Muhammad Shehbaz Sharif paid heartfelt tribute to the martyrs and veterans of Armed Forces and their families, on behalf of the entire nation, on the occasion of Defence Day. (<https://www.app.com.pk/national/pm-pays-tribute-to-martyrs-on-defence-day/>)

In humble gratitude to Allah (swt), the Muslims of Pakistan remember the sacrifices of their armed forces in repelling the ground offensive of the Hindu State on 6 September 1965. Despite smaller numbers and weaker weapons, the Muslims fought fiercely, seeking victory or martyrdom, which gave them a strength on the battlefield that the disbelievers could not overwhelm.

Jihad is a foundational pillar of the Islamic Ummah. For centuries, the armies of Muslims raised the Kalimah of Allah (swt) as the highest, removing the tyrants of the east, like Raja Dahir, and the west, like Raynald of Châtillon. Indeed, the love for victory and martyrdom still remains within the sons of Muhammad Bin Qasim and Salahudeen Al-Ayubi.

It is thus painful to see that the armies of Muslims today support the crooked thrones of the current rulers of Muslims, agents of Western colonialism. The armies suppress any voices raised against the oppressive rulers, including Asim Munir of Pakistan, El-Sisi of Egypt and Muhammad Bin Salman (MBS) of Saudi Arabia.

The Muslims must remind their relatives and friends within their armies of the great reward in ending tyranny. They must remind them of the high station of the Ansar (ra), who removed tyranny in Al-Madinah by granting nussrah (military support) for the establishment of the Islamic State.

Every Muslims must demand that the military officers remove the oppressive tyranny in the Muslim World, by granting Bayah to a Khaleefah Rashid (rightly guided Caliph) who will lead them in Jihad in the Path of Allah (swt) to remove the tyrants of the east, like Modi, and the west, like Netanyahu.
