

Declaring Jihad Against the US and Its Protégé, the Jewish Entity, Is the Only Way to Achieve Lasting Peace and Stability in our Region

News:

Pakistan: Deputy Prime Minister and Foreign Minister Ishaq Dar on Tuesday, 17th March 2026, stressed that dialogue and diplomacy remained the only viable path to resolving issues and achieving lasting peace and stability in the region. Dar made the remarks during a meeting with Iran's Ambassador to Pakistan Ambassador Reza Amiri Moghaddam, according to the Foreign Office (FO). In a post on X, the FO said, the ambassador expressed gratitude for the "strong moral support extended by the people of Pakistan during this challenging time." [[Dawn](#)]

Comment:

The aggression from the evil axis of the US and its protégé, the Jewish entity, against Iran has once again proved that the international law, international institutions like the United Nations or international Courts of Justice, or any other international forum, cannot be trusted to ensure the security of the Muslim lands as they are the tools of the biggest Shaytan, the US, and the major powers.

The aggression against Iran by the evil axis of the US and the Jewish entity has also proved that the US and its western allies can never tolerate military might of any Muslim state, no matter how much they cooperate or give concessions to them. US War Secretary Pete Hegseth said, "crazy regimes like Iran, hell-bent on prophetic Islamist delusions, cannot have nuclear weapons." Also, Secretary of State Marco Rubio on 3rd March 2026 said, "This terroristic, radical, cleric-led regime cannot be ever allowed to have nuclear weapons." Although the Iranian regime in the last 26 years fully supported the foreign policy objective of the US in Afghanistan, Iraq, Yemen, and Syria, when US foreign policy objective required to roll back the military power of Iran in the Middle East, the US did not take regard of the services of the Iranian regime, and this is a lesson every Muslim ruler must not forget.

In Pakistan, the intelligentsia is openly saying that after Iran, Pakistan will be the next target of the US and her thug, the Jewish entity. And they are saying this because if the US, its protégé, the Jewish entity, and its Western allies are not tolerating a potential capability of Iran's making nuclear arms and its missile arsenal, how can the axis of evil tolerate Pakistan's capabilities, a declared nuclear state with much greater missile capabilities than Iran, and won't be pushed to the wall in the same manner as Iran being pushed. Director of US National Intelligence Tulsi Gabbard on Wednesday, 18th March 2026, warned that Pakistan's advancing missile programme could eventually put the United States within range [[Source](#)]. So they are already preparing grounds to curtail Pakistan's nuclear and missile capabilities.

The current global and regional situation is a golden opportunity for Pakistan to take initiative and matters in her hand and expel and end the US hegemony from the region by extending military support to the Muslims of Iran instead of just extending

moral support to them. The US is alone internationally and in the region. The sheer arrogance of the US has forced her trusted Western allies to abandon her in her endeavor on Iran and to take control of Strait of Hormuz. Russia and China are challenging US hegemony in Eurasia. Regional Arab regimes are not feeling secured of the US protection as it has been evident that the US is only concerned about the security of the Jewish entity, not the Arab regimes where she has a number of military bases. So, if Pakistan now extends her nuclear umbrella to Iran and the whole of the Gulf region, the US can easily be expelled from the region, and the Jewish entity will be eliminated in days if not in hours.

Pakistan has got a golden opportunity in the same manner the Messenger of Allah (saw) had, when Qureish of Makkah violated the Treaty of Hudaibia. Abu Sufyan tried to revive the treaty but the Messenger of Allah (saw) did not respond to his reconciliation efforts and rather ordered the army of Muslims to march towards Makkah, and on 20th Ramadhan of the 8th Hijri year, Makkah was conquered, and in the next one and a half years, the whole of the Arabian Peninsula was under the Islamic state.

Pakistan has already lost the golden opportunity of liberating Kashmir in May 2025 when the armed forces of Pakistan crippled the Indian Air Force for two complete days. In those two days, if the armed forces of Pakistan moved towards Srinagar, India would not have been in a position to respond. However, the rulers of Pakistan preferred to please Trump and lost the golden opportunity of liberating Kashmir and ending the hegemony of the Hindu State.

Yet again, Allah (swt) has placed another golden opportunity to Pakistan. Rather, a bigger golden opportunity; liberating the whole region from US hegemony and ultimately the liberation of Al-Masjid Al-Aqsa, Palestine. The current rulers of Pakistan are not ready to catch this golden opportunity as well, so the sincere officers in the armed forces must give Nusrah to Hizb ut Tahrir to establish the Khilafah (Caliphate) on the method of Prophethood now, so the Righteous Khaleefah (Caliph) will lead them in Jihad and make this Deen of Islam and its Ummah great once again.

﴿وَمَنْ يَتَوَلَّ اللَّهَ وَرَسُولَهُ وَالَّذِينَ آمَنُوا فَإِنَّ حِزْبَ اللَّهِ هُمُ الْغَالِبُونَ﴾

“All those who take Allah and His Messenger and those who believe as their allies, should remember that the party of Allah will be triumphant.” [Al-Maida, 5:56]
