

Media Clarification

(Translated)

In the circumstances of the movement of some organizations and personalities with the families of Moukoufi Abra, it was announced that a press conference will be held tomorrow – Saturday in the city of Tripoli, with the participation of Islamic and political powers, one of them being Hizb ut Tahrir.

It is important for us to clarify that Hizb ut Tahrir did not accept participation in this conference, and thereby it will not participate tomorrow, maintaining that the case of these oppressed prisoners and their families should be carried far away from the attraction of the political layers.

And Allah (swt) is behind the intention and He is the One who guides to both ways.
